

Company Profile, Helio Grid AG

Helio Grid AG, Lucerne, founded 2009 by Claudia Moser.

Solar generation and battery storage for commercial and municipal clients.

In 2019 the company raised growth capital from Meridian Energy Holdings Ltd.

The founder bought back that stake in 2021 and ran the company independently.

Acquired by a European utility in 2022 for CHF 150 million.

Claudia Moser now focuses on clean-energy investing and mentoring.
